Improve Productivity in the Office

Delivering fast, high quality 2-sided (duplex) scanning, the Brother ADS-2100e is a complete solution to your scanning needs.

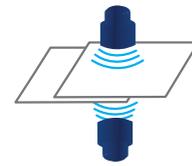

Easy to use with a versatile Automatic Document Feeder (ADF) capable of scanning a range of documents from receipts to reports, the reliable ADS-2100e will improve productivity in the office.

Blank Page Detection: When scanning a batch of documents the ADS-2100e will detect and remove any blank pages to save time and space whilst archiving.

Auto Deskew: To ensure that all your documents are scanned as they should be the ADS-2100e automatically corrects any skewed documents that are fed into the machine.

Ultrasonic Multi-Feed Detection: To prevent more than one document being scanned at one time the ADS-2100e uses ultrasonic multi-feed detection that ensures no documents are missed.
